An old ring (Of the correct size!)

1. Print this page and confirm it has been printed correctly – ensure printer settings are NOT set to "shrink to fit". Once printed, ensure the bar on the left measures exactly 3cm (30mm). If it doesn't measure 30mm, check your printer settings and try again.

Determining Your Ring Size:

2. Place your old ring over the circles below (make sure the ring properly fits the intended finger!). Ensure the inner circle of your ring matches the inner diameter of the printed circle. If the inner circle seems to fall between two sizes, order the larger size to ensure a comfortable fit.

Determining Your Ring Size:

1. Print this page and confirm it has been printed correctly – ensure printer settings are NOT set to “shrink to fit”. Once printed, ensure the grey box on the left measures 170mm x 50mm.
2. Cut out the sizer and carefully cut the slit at the top.
3. Push the end of the sizer through the slit and slip it over the finger to make a paper ring. Adjust the sizer so that it sits comfortably around the finger - but double check that it can still slide off comfortably over the knuckle! Remember its really important that the sizer can slide on and off the finger comfortably so don't pull it too tight or you'll get the wrong size.
4. Read the letter indicated by the arrow and that's it! Place your order with your correct ring size through www.almeidagems.com and sit back knowing the luxury you deserve is now on its way to you.
